

OPERATIONS CONSULTING FOR SMALL-TO-MIDSIZE COMPANIES

Are you facing pressure from every direction?

Are you spending too much time fighting fires and mediating conflict?

Does the business have unrealistic expectations for efficiency, profitability, and growth?

Do you spend your weekends trying to catch up on the work you didn't do all week?

IT'S TIME TO CONTACT MELISSA IF:

Something is off in your culture.

Your organization is resistant to change.

You can't tell if there's a people problem or process problem.

Set up your organization for continuous improvement with dialed-in **performance metrics**.

Unlock capacity and reduce working capital by creating efficiency and minimizing waste.

Get to the **root cause** of barriers that prevent people from doing their jobs well.

Learn tools and techniques to solve these problems for good.

Our Process

- Start with a discovery call to discuss the challenges and opportunities you are facing.
- Schedule a site visit to review your operation and drill down to uncover factors driving current performance.
- Receive a detailed analysis reviewing findings from the site visit and options to engage Executive Lift – all at no cost to you!
- You also get a roadmap for execution including a proposal for engaging Executive Lift.

What You Gain

- Clear, defined process metrics to drive your processes and evaluate performance.
- Reduced waste and improved quality that drive profitability and on time delivery.
- Improved customer satisfaction and increased repeat business.
- Team leadership and/or project management to build skills across your team.
- Your nights and weekends for you!
